

Smoking, Drinking and Drug Use among Young People in England Survey – Data Sheet

This sheet outlines the data required to complete part of the Smoking, Drinking and Drug Use Survey Teachers' Questionnaire.

You might find it helpful to collate this information before starting the online questionnaire. *Please note, this sheet does not be submitted to Ipsos.*

PLEASE DO NOT INCLUDE ESTIMATES.

If more than three classes at your school took part in the survey, you will only need to provide the total number of pupils enrolled/registered in each year group.

Class No.	Class Name or Staff member name who administered the survey in the Class	Total number of pupils on the class register	Number of pupils absent on the day of the survey	Number of pupils who chose to opt out of the survey themselves	Number of pupils whose parent/ step-parent/ guardian chose for them to be opted out	Number of pupils not participating for other reasons	Year group	Total number of pupils registered in the year group (ONLY ANSWER IF MORE THAN 3 CLASSES PARTICIPATED)
